NEW BRAUNFELS, Texas, August 10, 2021 -- TaskUs, Inc. (Nasdaq: TASK), a leading outsourcing provider for high growth companies, today announced its results for the second quarter of 2021, ended June 30, 2021.

"Today is an exciting milestone as we release our first earnings report as a public company. We started TaskUs in 2008 to provide tech-enabled outsourced services to the fastest growing companies in the digital economy," said Co-Founder and CEO, Bryce Maddock. "In the second quarter of 2021 we continued that mission, completed a successful IPO and delivered strong financial results. Q2 saw year-over-year revenue growth of 57.4%, which was entirely organic, and Adjusted EBITDA margins of 24.5%. I want to thank all of our teammates. This would not be possible without their tireless efforts. We welcome our public shareholders as we build on this momentum and continue to support the most innovative technology companies to protect and grow their brands."

Third Quarter and Full Year 2021 Outlook

	2021 Outlook		
	Third Quarter	Full Year	
Revenue (in millions)	\$182 to \$186	\$705 to \$709	
Revenue growth (YoY) at midpoint	50.3%	47.9%	
Adjusted EBITDA Margin	23.1% to 23.5%	23.7% to 24.1%	

For the third quarter and full year 2021 TaskUs expects its financial results to include1:

1. With respect to the Non-GAAP Adjusted EBITDA margin outlook provided above, a reconciliation to the closest GAAP financial measure has not been provided as the quantification of certain items included in the calculation of GAAP net (loss) income cannot be calculated or predicted at this time without unreasonable efforts. For example, the non-GAAP adjustment for stock-based compensation expense requires additional inputs such as number of shares granted and market price that are not currently ascertainable, the non-GAAP adjustment for foreign currency gains or losses depends on the timing and magnitude of changes in foreign currency exchange rates and cannot be accurately forecasted. For the same reasons, the Company is unable to address the probable significance of the unavailable information, which could have a potentially unpredictable, and potentially significant, impact on its future GAAP financial results

Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include all statements that are not historical facts, and further include, without limitation, statements reflecting our current views with respect to, among other things, our operations, our financial performance, our industry, the impact of the COVID-19 global pandemic on our business, and other non-historical statements including the statements in the "Third Quarter and Full Year 2021 Outlook" section of this press release. In some cases, you can identify these forward-looking statements by the use of words such as "outlook," "believes," "expects," "potential," "continues," "may," "will," "should," "could," "seeks," "predicts," "intends," "trends," "plans," "estimates," "anticipates" or the negative version of these words or other comparable words. Such forward-looking statements are subject to various risks and uncertainties. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. These factors include but are not limited to:the dependence of our business on key clients; the risk of loss of business or non-payment from significant clients; our failure to cost-effectively acquire new, high-growth clients; the risk that we may provide inadequate service or cause disruptions in our clients' businesses or fail to comply with the quality standards required by our clients under our agreements; unauthorized or improper disclosure of personal or other sensitive information, or security breaches and incidents; negative publicity or liability or difficulty retaining and recruiting employees; our failure to detect and deter criminal or fraudulent activities or other misconduct by our employees; global economic and political conditions, especially in the social media and meal delivery and transport industries from which we generate most of our revenue; the dependence of our business on our international operations, particularly in the Philippines and India; our failure to comply with applicable privacy and data security laws and regulations; substantial increases in the costs of technology and telecommunications services or our inability to attract and retain the necessary technologists; our inability to adapt our services and solutions to changes in technology and client expectations; fluctuations against the U.S. dollar in the local currencies in the countries in which we operate; our inability to maintain and enhance our brand; competitive pricing pressure; our dependence on senior management and key employees; the limited experience of our management team in managing a public company; the ongoing COVID-19 pandemic, including the resulting global economic uncertainty and measures taken in response to the pandemic; the control of affiliates of The Blackstone Group Inc. and our Co-Founders over us; and the dual class structure of our common stock. Additional risks and uncertainties include but are not limited to those described under "Risk Factors" in the Company's prospectus, dated June 10, 2021, filed with the Securities and Exchange Commission (the "SEC") pursuant to Rule 404(b)(4) of the Securities Act of 1933, as amended, on June 14, 2021, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC's website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in the registration statement. TaskUs undertakes no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise, except as required by law.

Non GAAP Measures

TaskUs supplements results reported in accordance with United States generally accepted accounting principles, referred to as GAAP, with non-GAAP financial measures, such as Adjusted Net Income, Adjusted EPS, EBITDA and Adjusted EBITDA. Management believes these measures help illustrate underlying trends in TaskUs' business and uses the measures to establish budgets and operational goals, communicate internally and externally, for managing TaskUs' business and evaluating its performance. Management also believes these measures help investors compare TaskUs' operating performance with its results in prior periods. TaskUs anticipates that it will continue to report both GAAP and certain non-GAAP financial measures in its financial results, including non-GAAP results that exclude the impact of certain costs, losses and gains that are required to be included in our profit and loss measures under GAAP. Because TaskUs' reported non-GAAP financial measures are not calculated in accordance with GAAP, these measures are not comparable to GAAP and may not be comparable to similarly described non-GAAP measures reported by other companies within TaskUs' industry. Consequently, TaskUs' non-GAAP financial measures should not be evaluated in isolation or supplant comparable GAAP measures, but rather, should be considered together with the information in TaskUs' consolidated financial statements, which are prepared in accordance with GAAP. Definitions of non-GAAP financial measures and the reconciliations to the most directly comparable measures in accordance with GAAP are provided in subsequent sections of this press release narrative and supplemental schedules.

1. Reflects the aggregate adjustments made to reconcile Net (loss) income to Adjusted Net Income, as noted in the above table, divided by the GAAP diluted weighted-average number of shares outstanding for the relevant period

2. Reflects the impact of awards that were anti-dilutive to GAAP diluted EPS since we were in a net loss position, and therefore not included in the calculation, but would be dilutive to Adjusted EPS and are therefore included in the calculation

Definitions of Non-GAAP Metrics

EBITDA and Adjusted EBITDA

EBITDA is a non-GAAP profitability measure that represents net income or loss for the period before the impact of the benefit from or provision for income taxes, financing expenses, depreciation, and amortization of intangible assets. EBITDA eliminates potential differences in performance caused by variations in capital structures (affecting financing expenses), tax positions (such as the availability of net operating losses against which to relieve taxable profits), the cost and age of tangible assets (affecting relative depreciation expense) and the extent to which intangible assets are identifiable (affecting relative amortization expense).

Adjusted EBITDA is a non-GAAP profitability measure that represents EBITDA before certain items that are considered to hinder comparison of the performance of our businesses on a period-over-period basis or with other businesses. During the periods presented, we exclude from Adjusted EBITDA offering costs, the effect of foreign currency gains and losses, losses on disposals of assets, COVID-19 related expenses, severance costs, natural disaster costs, contingent consideration, one-time payments associated with the IPO and stock-based compensation expense associated with equity-classified awards, which include costs that are required to be expensed in accordance with GAAP. Our management believes that the inclusion of supplementary adjustments to EBITDA applied in presenting Adjusted EBITDA are appropriate to provide additional information to investors about certain material non-cash items and about unusual items that we do not expect to continue at the same level in the future.

Adjusted EBITDA Margin represents Adjusted EBITDA divided by service revenue.

Adjusted Net Income

Adjusted Net Income is a non-GAAP profitability measure that represents net income or loss for the period before the impact of amortization of intangible assets and certain items that are considered to hinder comparison of the performance of our businesses on a period-over-period basis or with other businesses. During the periods presented, we exclude from Adjusted Net Income amortization of intangible assets, offering costs, the effect of foreign currency gains and losses, losses on disposals of assets, COVID-19 related expenses, severance costs, natural disaster costs, contingent consideration, one-time payments associated with the IPO, stock-based compensation expense associated with equity-classified awards and the related effect on income taxes impacts of certain pre-tax adjustments, which include costs that are required to be expensed in accordance with GAAP. Our management believes that the inclusion of supplementary adjustments to net income applied in presenting Adjusted Net Income are appropriate to provide additional information to investors about certain material non-cash items and about unusual items that we do not expect to continue at the same level in the future.

Adjusted Net Income Margin represents Adjusted Net Income divided by service revenue.

Adjusted EPS

Adjusted EPS is a non-GAAP profitability measure that represents earnings available to shareholders excluding the impact of certain items that are considered to hinder comparison of the performance of our business on a period-over-period basis or with other businesses. Adjusted EPS is calculated as Adjusted Net income divided by our diluted weighted-average number of shares outstanding, including the impact of any potentially dilutive common stock equivalents that are anti-dilutive to GAAP net (loss) income per share – diluted but dilutive to Adjusted EPS. Our management believes that the inclusion of supplementary adjustments to earnings per share applied in presenting Adjusted EPS are appropriate to provide additional information to investors about certain material non-cash items and about unusual items that we do not expect to continue at the same level in the future.
